CONTEMPLATION

Remember that in body thine a God is dwelling there;
Thy Temple from pollution free let is forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes Mine.
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

We all admire a man who says what he thinks—as long as he says it about other people.

Governor Warren's Landslide in California

Rabble Rousing Red Kenny Repudiated

BUT THE SANHEDRIN RULES WARREN, TOO

Earl Warren, governor of California, was re-elected by receiving the Republican and Democratic nominations. Of course, he will have to run again in the finals against Schmidt, the Prohibition candidate. But his re-election is a foregone conclusion unless some quirk of fate intervenes.

To appreciate what happened to Warren who defeated Robert W. Kenny, Calif. Atty. Gen., for the nomination on both tickets, one has to also follow the occurrences in "Jack" Tenney's re-election to the California State Senate. The two candidates are tied together in the phenomenon of the last election.

Tenney used to be registered Democrat until two years ago when he switched to the Republican column in protest against Communist domination of the Newdeal party. Both Tenney and Warren, as well as Kenny, are both unscrupulous opportunist politicians who have no intellectual or spiritual integrity. Only Kenny went too raw in espousing the Jewish-Communist cause while Warren and Tenney played up moderately to the criminal lunatic fringe of organized Jewry as well as old-age morons, like the Townsend Plan followers, Ham and Eggers and other utopian idiots.

Kenny went all hog or none in heading the rabble to down free speech and assembly, as well as religious freedom in California. His activities against Gerald L. K. Smith and Arthur L. Bell attracted sufficient attention to unite all American-minded citizens solidly behind both Tenney and Warren. Not because either of them were trustworthy but on the theory that even yellow dogs were preferable to the Communist-Jewish alliance that was united in the destruction of American rights. This is the full, plainly spoken reason of the landslide in California. Of course the people registered their disapproval of the whole Communist-Jewish-Newdeal-War administration and since there was no candidate running on a straight platform against un-Americanism the next best offered was personified in Warren and Tenney.

Warren polled 483,000 against Kenny's 280,000, inspite of the money and agitation by the CIO and other un-American factions. As a result Warren is going to be boosted for the Republican candidacy at the next presidential convention.

Neither Californians, nor Americans of the true stock, need take comfort from Warren's pre-eminence. It does not change the picture of exploitation and war-mongering in the least. In fact, the Sanhedrin had two candidates in the field, Warren and Kenny. Both are stooges, so is Tenney. By the Sanhedrin we mean the leadership of the war-exploitation gang which controls the world and is arming Russia with American money and materiel to maintain the war-powers of their stooge in the White House and control the lives of the people in the USA.

When Winston Churchill went broke some years ago, while the Newdeal arose, he was invited to visit New York, etc. He met Bernard Baruch, became quite well-to-do over night and thus Baruch had two stooges, FDR and Winnie. In this fashion, then, Winnie proposed to FDR to join hands and rule the world in that exchange of messages which Tyler Kent exposed. That is how the war with Germany and Japan was engineered. Now Baruch is head of the Atom-Bomb committee; that is called in German: making the goat your gardner; nice time for the US ahead. Baruch is in cahoots with the Rockefeller interests and Nelson Rockefeller plays up to the Zionists while the oil interests subsidize Ibn Saud against the Jews. Thus war is nicely arranged, with Russia siding with the Zionists as far as opposition to Britain and the US is concerned. And we pay for it all and must furnish the soldiers again in this War III, hence Gen. Eisenhower demands continuation of conscription.

The Sanhedrin represents the keenest minds who oppose the Christ-Rule on earth. While in Jesus' day they were the Jewish highpriests, today it includes the Pope as well as the high dignitaries of every large church, including the Christian Scientists. United with them are all the large corporation interests who make money during war, especially the Rockefellers.

FOUNDATION OF PEACE ON EARTH

All hierarchies of large churches, whether Jewish, Christian, Mohammedan, Shinto or crack-pot, are worshipping Mammon, not God. All governments, without exception, are puppets in the hands of the Sanhedrin. It makes no difference who is elected, appointed or succeeds by inheritance to the powers of government in Church or State, anywhere in the world, they all bow to Mammon and worship material power. Hence all are anti-Christ.

Humanity has to learn by bloody misery that in the universe created by All-Love, Our Father, no power supercedes the founding THOUGHT, or Principle which projected the universe into being in the first instance. Hence POWER does not spell Brutality, but Lovely Order, Justice, Consideration, Faith, Intelligence. Thus we cannot produce happiness for ourselves and others by subscribing to violence and murder as a condition of Life. That means that only vegetarians can inherit the Kingdom of God.

The next fundamental rule to be considered, then, is the economic. Henry George pointed the path in that direction, as Jesus did in the establishment of the Communion with Bread and Grapes of which our bodies shall be built in place of the bloody pascal lamb diet. George called attention to the wrong inherent in land-titles on the feudal basis where the tenants must pay the taxes of the landlords. Not till people awaken to this truth and collect the full land-value tax from the landlord, not transferable to a tenant, that free enterprise becomes possible. As long as our schools teach their pervert doctrines of taxation and land-values, as they do today in our politically-Communist-controlled faculties, the Tories and the Commies will toss humanity from one extreme to the other, robbing and bleeding us without end. By the way, the I. W. W.'s as well as the Communists were introduced and subsidized by the Rockefeller interests in the USA to sabotage their competitors, ruin them so that Rockefeller could take over their markets and resources.

Next, the banking system has to be placed on a basis of equity. Today the Rockefeller-Rothschild-Allies control all governments thru legalized piracy in banking.

GOD IS OUR ONLY HOPE

Don't be stupid to place your hope for America in Warren or the Tenney un-American committee. They are stooges of the Sanhedrin. The LAW of God is inexorably true. Build your life, individually, upon the foundation of LOVE, Intelligence, Integrity and you must defy the Devils who rule the earth at all costs. The great battle is on, we are in the midst of it. Now they are grooming Stalin and Russia for the slaughter as they groomed Hitler and Japan. They are fortifying Stalin to make sure the war is bloody and disastrous. In the meantime they are holding down the people thru artificial scarcity and red tape so that all be cowed and become too enmeshed in fighting among themselves in competition for the necessities and comforts of daily life, to take the government of their respective countries out of the hands of the Sanhedrin. Survival is individual now. He who obeys the LAW of God introduces the most powerful element into matter which alone will protect the Children of God against the violence of the Sanhedrin. Trust in no political or economic organization which is not rooted in the love of God, in the love of compassion so that no animals are murdered for food or medicine. All membership in churches that yet are bowing to militarism is conducive to murder not paradise. This is the day when each has to stand up and be counted. You are either with the Christ, Peace on Earth, Good Will to Man, or you are against it. All rationalizing goes out the window and the Atom-Bomb is writing finish to all violence as well as hypocrisy. Only those who have the true power of God can overcome the criminal minds by bringing into play the superior qualities of divine man- and woman-hood.

Mertig Prepares Final Appeal

Penitentiary Riker's Island, N. Y.
31 May, 1946

Dear Mr. de Aryan:

Just to let you know that Elmhurst's and my appeal will be heard on June 3rd before the Appellate Division of the New York State Supreme Court in Brooklyn and as there is nothing whatsoever to the case against us, our liberty and clean record should be restored to us within short.

As however so far every judge has ruled against us, an adverse decision may also be rendered and in such case we have instructed the lawyer handling our appeal to at once appeal to the Court of Appeals in Albany, the highest court in New York State, and if that court should also rule against us, I have written already to Jas. J. Laughlin asking him whether he would handle our case before the U. S. Supreme Court in Washington.

It is criminal to put us to all that expense, but Elmhurst and I have no other choice but to fight this thing through, as we have done nothing whatsoever to conflict with any law and we refuse to be classified as convicts by the pressure groups who have had the say so far in our case as well as in corrupting all offices in our country.

We ought to be released on July 26, in case we should have to serve our full sentence. **And we have lost none of our dignity in jail!**

With kindest regards and thanks for your past favors, I am very sincerely yours,

KURT MERTIG

Is Judge Lewis "Impartial" ?

Dear Mr. de Aryan:

I wrote you, re Mertig and Elmhurst, a few days ago. I haven't yet seen the printed record on appeal, though a copy was promised me last Monday. Whether the appeal lawyers refer to the entrapment of their clients in their brief, I do not know. The argument takes place before the Appellate Division, 2nd department, in Brooklyn, Monday. **Harry E. Lewis, Presiding Justice, is a member of the American Jewish Committee whose agents entrapped Mertig and Elmhurst.** I submitted a petition to that court on March 13th, for the removal of Magistrate De Andrea and for investigation of the conduct of all the lawyers and judges involved in their persecution.

Yours, H. H. KLEIN

ZION TAKES OVER L. A.

LOS ANGELES,—On a recent night in a radio theatre at the close of the program, the master of ceremonies requested all those of Jewish faith to remain. He expressed to them that it was going to be increasingly difficult to open Palestine for the Jews. "Therefore," said the chairman, "we need to obtain an alternate capital. Inasmuch as we are already gaining a foothold in Los Angeles and in California, we must make this state our refuge and the western capital of the Jewish people."

Court Does Not Trust Arthur L. Bell

LOS ANGELES,— Federal referee in bankruptcy, Judge Benno M. Brink, announced from the bench that under no consideration would he allow Arthur L. Bell, trustee of "Christ's Church of the Golden Rule," to take over the properties of the bankrupt estate for operation to pay off the indebtedness thereon and clear the Church of debt. He flatly turned down the offer made by attorneys for the Church to permit Bell to manage the $2 million dollar assets which Bell had produced within a few years out of practically nothing.

The judge stated he was opposed to any manager who witheld information from the court as to the source of donations and what was done with them; also the court did not consider a corporation solvent that incurred a $18,000 monthly deficit which Bell usually made up from donations, according to the nature of the religious and elemosinary corporation. "I cannot authorize return of management to Mr. Bell who operates under the veil of secrecy", said the judge.

In the meantime more than 600 members of the Church filed over $3 million claims in the aggregate, for previous labor, to protect their donations of service to the Church. The judge also announced that he had received a batch of telegrams from creditors urging him to turn over the management of the bankrupt estate to Bell and accept payment of rent for the properties from which to satisfy the claims of the creditors.

Federal trustees Paul W. Sampsell and Stewart Mc Kee testified that since Nov. 19, 1945, the day of bankruptcy, they had not authorized Arthur L. Bell, his wife Ruby Chapman, or any alleged member of the Church to reside on the premises of 8433 Harold Way, Los Angeles, the home of Bell and his wife, allegedly owned by her and placed at the disposal of the Church for service.

"Free Speech" in St. Louis

By Madison Monroe

ST. LOUIS, (Special),— Another shameful chapter in the fight of organized Jewry to throttle free speech in the United States was written here when, under pressure from various Jew and Communist organizations, Chief of Police James Mitchell arbitarily refused to permit a meeting in Kiel Auditorium called in the name of the America First Party by Gerald L. K. Smith and others .

This meeting had been well-advertised in advance and was to be the opening of a 2-day national convention. Many delegates and others from different parts of the country had arrived. It was known that the Jews were bringing all kinds of pressure to bear and placing no limit to their lies in their efforts to prevent the meeting, but it was not believed that the officials would yield as Mr. Smith had several times spoken in Kiel Auditorium with full police protection.

But late in the afternoon Mr. Smith was notified that the Chief had cancelled the meeting. Efforts were immediately made to go over his head. A committee waited upon the mayor. The mayor sent out word that he could not see the committee—that he was "writing a speech." When the committee demanded to know when the writing of a speech took precedence over the fundamental right of free assembly, they were then told that the mayor had left the office for the day. The committee then went to his home and, though, their taxi-cab driver recognized the mayor's car in the back, they were told by his Jewish wife that the mayor was not at home. The mayor himself, Aloys P. Kauffman, is said to be half-Jew.

The governor of the state was contacted and asked that he furnish militia to protect the meeting, but he refused to act.

On the following day the police commission criticized the Chief and as consequence, three meetings were permitted to be held in a smaller room with full police protection.

As part of the general campaign of intimidation used by organized Jewry heretofore in Chicago, Los Angeles, San Francisco and elsewhere, the Jews paid as high as $3500 for full-page ads in the St. Louis daily papers, denouncing Smith and his supporters. When the America Firsters tried to buy space for smaller ads by way of reply they were refused on the ground of "paper shortage." In this connection it is interesting to note that while the St. Louis Post-Dispatch and the Star-Times were bitter against the America Firsters, they nevertheless severely critized the arbitrary un-American action of the police Chief.

Another trick of the Jews was to schedule a meeting of their own for the same night in a hall directly across the street from the Kiel Auditorium. As a face saving gesture, the Chief issued an order cancelling this meeting also. But this didn't bother the Mockies and Commies so long as the Smith meeting was squelched.

It is likely that suits for damages against Chief Mitchell and others in this conspiracy to undermine the fundamental tenets of our constitution will be instituted at once. It is known that the matter has already been brought to the attention of the Rankin Congressional committee, Attorney General Tom Clark and others in Washington.

In addition to the criticism of the Chief by the newspapers, criticism was heard from representatives of the Civil Liberties Union. The consensus of calm intelligent opinion is that once again the Jews had overplayed their hand—had befouled their nest in characteristic Jew fashion. In this Walter Winchell has been playing a boastful part, but the impression is growing that this arrogant Jew is heading for an early fall, too.

On the night of the scheduled meeting, Gerald

Smith boldly made his way through the howling mob to the front of the hall. After a short speech of protest he closed by saying "send the dirty kikes back to Russia."

Is Arthur (the Voice) Bell a Swindler ?

AN OPEN LETTER

To: ROBERT KENNY.....

Present Attorney General of the State of California, and Candidate for Governor of said State

From: ARTHUR L. BELL. . . . .

President and Sole Trustee of Christ's Church of The Golden Rule, (a non-profit, religious, California corporation)

(Continued from last week)

In the course of virtually a lifetime of diligent observation and unusual opportunities for training and experience, I have discovered that greed, false ambition and brutality have so befogged the human mind that men have permitted hundreds of millions of human beings to starve from the so-called cradle to the grave, century after century, and tens of millions of them to pass on each year after the indescribable tortures of starvation, while they have failed to ever plow more than one acre out of each one hundred acres of soil on our planet which could produce needed food; I have discovered that, instead of there not being enough food to go around, every man, woman and child on earth could have a twenty-course meal every hour of their lives, (if they could chew and digest it), and barely scratch the surface of the earth's productivity, if they would but "do unto others as they would have others do unto them". . . . that there is enough in the way of raw materials to produce entirely new rainment every hour of the day for every human being on the face of the earth, (were it needed), if but a small fraction of the money used in war and criminally organized greed throughout the world were used for the production of the necessities of life . . . furtnermore, that the excuse for war based upon a lack of room is so absurd as to not be worthy of consideration by even the most ignorant of men, since the entire population of the earth could be placed in the little state of New Jersey alone and still enjoy more beautiful parks, children's playgrounds, fountains and lakes and streams, and endless opportunities for self-expression beyond anything ever provided in any city on the face of the earth, if but a small fraction of the engineering and architectural discoveries of man were used for such an achievement—instead of for war. . . also that the nature of God's creation is such that the concept of "before you ask, I shall answer" applies to all of the needs of men, as it applied throughout the centuries—for instance, when the ox-cart seemed too slow for mankind's unfolding desires, men learned to train and use the greater speed of horses; later, steam power shortened the time required for abridging distance; before man had even scratched the surface of available coal supplies, he discovered how to harness his virtually inexhaustible water power for the generation of electricity, and before we have harnessed a small part of that power, an understanding of atomic power is being acquired, and there is but little doubt that before we scratch the surface of such forces, man will discover additional and at present undreamed of sources of power, such as today hold the planets in their orbits and provide expression of adhesion and cohesion and the orderliness manifested in the heavenly bodies.

In other words, God's creation is inexhaustible and men need never fear lack, for there can be no such thing as lack at any time after men learn to "do unto others as they would have others do unto them" and to devote their energies towards building rather than destroying, towards giving rather than getting, towards loving rather than hating, towards that which stands for grateful recognition of the limitless grandeur, substance and power of God's universe. Dear Mr. de Aryan:

As I have been evicted with my family from our home (Landlord claims the apartment I occupy) for his son that came back from the Army. We live upstairs in a 2 family house in 5 rooms. The Landlord (a low down Italian) has plenty room with his 8 room apartment and a sup-kitchen of 3 rooms, but he told me months ago, that **he wants no German people living in his house.** I took it to Court, but lost my case. We will put our furniture in storage, and try very hard to get an apartment. On June 13th we have to get out or be kicked out. My wife and I are both 70 years of age, and it is very hard on us to pack the household goods. I am a Christian and our only daughter is an artist model.

We enjoyed your wonderful paper The Broom so much and will surely keep on subscribing for it. I think my new subscription is due for for another year and I am enclosing $5.00 for another year and please change my address from ————to the following address from June 13th. Respectfully, — — A. F.

MORGENTHAU POLICY TO GERMAN WOMEN IS: SIN OR STARVE!

The fact is that our Morganthau-minded government, directly after unconditional surrender, destroyed and looted Germany's factories took away Germany's shipping, ripped the country into uneconomic sections, directed the territorial robbery of one-fourth of Germany's arable land; approved the expulsion of twelve million people to the rump state; and justified the looting of tools and machinery as reparations—so that the starvation of the people became inevitable and must be called deliberate. **It is hard to escape the conclusion that this planned policy of starvation was to some extent leeringly done to make German women the easy prey of the occupying army's debauchery.** At any rate, that is what the American Morgenthau-Potsdam policy has accomplished.

So scholarly and careful a man as Dr. George N. Shuster, president of Hunter College, writes after a visit to the American zone, **"You have said it all when you say that Europe is now a place where woman has lost her perennial fight for decency because the indecent alone live" (Catholic Digest, Dec. 1945. p. 82).**

Our government, along with the Russian and the British, has so stifled German trade, industry and agriculture that one can flatly assert that **the only German mothers who can keep their young children alive are those who themselves or whose sisters become mistresses of our occupying troops.** By our official admission we have brought Germany down to a food level of from 700 to 1500 calories, which is less than an American breakfast, and which leads to certain gradual death.

DETERMINED STARVATION POLICY, FORBADE EVEN PRIVATE RELIEF

Some of our own senators have declared this starvation planned and deliberate. In fact, so determined are our policy makers to starve the conquered that they have callously prohibited even private charity. **"For the first time in history of Christian nations,"** writes Bishop Aloisius J. Muench of Fargo, North Dakota, **"powerful governments are making the exercise of Christian charity impossible through official regulations" (One World in Charity,** Lent, 1946. p. 1).

Beginning April 1, after much humanitarian pressure, the government is permitting, **not welcoming,** relief of 2000 tons a month. That is equal to two ounces a person, not a day, or a week, but a month! It is a hypocritical token relief to hush up the Christian-minded and thereby smokescreeningly to secure for a fatal while longer the Morgenthau starvation of the conquered, which certainly and, it seems, calculatingly drove the conquered women, while their men are kept as slave laborers, into satisfying the lust of the occupying soldiers to the point of making rape superfluous.

The Christian Century reports. "The American provost marshal, Lieutenant Colonel Gerald F. Beane, said that rape presents no problem to the military police because **'a bit of food, a bar of chocolate, or a bar of soap seems to make rape unnecessary.'** Think that over, if you want to understand what the situation is in Germany" (Dec. 5, 1945). Dr. Shuster says, "Except for those who can establish contact with members of the armed forces, Germans can get nothing, from soap to shoes" (Op. Cit., p. 83).

No wonder "Young girls, unattached, wander about and freely offer themselves for food or bed. . . . .**Very simply they have one thing left to sell, and they sell it. . . . As a way of dying it may be worse than starvation, but it will put off dying for months— or even years."** (L. J. Filewood in the Weekly Review, London, Oct. 25, 1945). Upon these desperate starving women, our occupying troops, lend-leased into the war to make Germans Christian, are allowed to pounce like lustful wolves. Said a hollow-eyed German soldier, finally released, "I come home and find my family's house gone. American bombing. I find my girl living with an American officer for the food he can give her" ("We Are Bungling the Job in Germany," Reader's Digest, Feb. 1946. p. 88).

JAPAN: "I believe in 'Asia for the Asiatics.' I object to whiteman domination of Asia and will try to drive the white man out. I also want an empire and some of the rubber, tin and oil in Malay and the Dutch East Indies. First, I must invade China to get a mainland foothold, this will test the integrity of the Western Powers. If they are honest they will stop me; but my financial tycoons are partners of theirs and since BUSINESS is their by-word, they will sell me what I want and need. After China, and with the help of my huge Navy and Army, I will get the French out of Indo-China, the Dutch out of the East Indies and the British out of Malaya, Hong Kong, Burma and India. I am an Asiatic Power and therefore more entitled to those territories than the White Man."

Yes, indeed, every government declared itself. Wrong or right, they stated their positions, and we knew it. G. I. Joe was a growing child while all this was going on and not in a position to understand. That's why he hates us. We knew what the score was. If we didn't, then he hates us the more for it.

Now, Mr. and Mrs. America, what have we got to offer our boys even after all the fighting and dying, and now, that they have destroyed the two nations whom we told them were their only enemies. Those who have come home, what do they find in the country that told them they were fighting for the "Four Freedoms" for themselves and the little peoples of the earth.

They want their jobs back—those who had one. Instead, they find it gone, and if lucky are offered charitably the work of a flunky.

Freedom to go out and get a job! Instead, they find they are sandwiched and squashed in the middle of a death struggle for the maintenance of a decent livelihood among a vastly impoverished people.

Freedom to find a place to live! Instead, "No Vacancy."

Freedom to build a home for their wives and chilren! Instead, no money and no materials. Why? Bureaucratic red tape, bungling and callous indifference, or materials being shipped abroad. Congress— mostly bickering, rhetorical vote caterers!

Freedom to become a respectable and self-supporting civilian! Instead, they find inflation, strikes, tie-ups, mob violence, riots, tear gas bombs, Communistic intrigue and propaganda, rumors of war, and politicians lacking character and integrity.

Yes indeed, they have Four Freedoms left:

Freedom to get back into a uniform.

Freedom to walk the streets.

Freedom to spend their time in a saloon.

Freedom to become mechanized civilian robots.

Our boys who are still in Asia and Europe want to come home. They do not understand why after they have won the war against Germany and Japan they have to stay in remote corners of the earth. Their government officials and generals first told them it was shortage of ships. When that falsehood was exposed, they were told they must police other countries or help demoblize and repatriate Japanese soldiers. When all these misrepresentations were exposed they demonstrated, revolted and mutinied.

The best explanation their generals could give them is that they must remain in Asia or the Pacific or Europe to "protect AMERICAN INTERESTS." From whom? Whose American Interests?

Because of their conduct, growing out of disillusionment when they awakened to the realization that they are not fighting for the principles their leaders glibbed about and the fraudulent propaganda we urged them to believe; the diplomats and brass hats accuse our boys of destroying American prestige abroad. That is indeed insult added to injury.

These young men, who were dragged from their homes, their jobs, their schools, their farms and from every hamlet and village in these United States, are now blamed for belying the noble intentions of this Nation. Believing or disbelieving the fabulous, pious phrases of the Roosevelts and their henchmen, these boys who went cheerfully to face hell, fire and death, and who won a war, so that these self-same political leaders or their remnants can keep their position, and who but for the Grace of Providence and the valor of these young men, would be sitting as defendants in a "War Criminals" court; are now accused of misrepresenting the high morals of American politicians.

These American boys have to stand for not only criticism of their own "statesmen" and generals but also the humiliation before, the hatred and contempt of the natives in the countries where they happen to be. A position their own leaders put them in!

Our boys, stalled abroad in remote corners of the earth, have had to witness such political chicanery, double dealing, betrayals and insidious evasions on the part of the Washington oligarchy and its underlings as to shatter the confidence and trust of themselves, our civilian self-respecting population and, indeed, every small nation and subjugated people.

(To be concluded)

Judge Benno M. Brink

REFEREE IN U. S. BANKRUPTCY COURT

LOS ANGELES,—When I arrived in Room 320, Federal and P. O. Building, on June 4, to attend the eviction hearing of members of "Bell's Church", there was seated in the front row Attorney A. L. Wirin, formerly with the American Civil Liberties Union. He was surprised to see me and asked about the status of my "sedition" case in Washington which has never come to trial, I yet being out under $1000 bond even though I had been "indicted" by an illegal "Grand Jury" in July, 1942 and arrested then.

"What is your interest in this case, Mr. Wirin?" asked I.

" I argued the religious liberty question before Judge Brink to the effect that the names of the members of the church must not be revealed since they have the privilege of joining a church without being subject to public vilification. The judge ruled in favor of maintaining the secrecy. And what is your interest, Mr. de Aryan?"

Gilbert Nelson, asst. atty. gen. prosecuting the "fraud" case against Bell, was seated beside Wirin and looked at me with his natural friendly expression which differed greatly from his scowl of previous encounters when he had called me "Bell's stooge" while I nominated him Kenny's stooge in reply.

"Same interest as yours, Mr. Wirin", was my answer. "Religious. If these fellows can get away with this subterfuge in persecuting Bell, they can do it to any courageous leader in religious matters who opposes war. So I am interested in checkmating this subversion of law."

That day, during the hearing of Bell's case, Judge Brink, a Roman Catholic who had stated on Thursday when the R. R.'s went on strike, that "the U. S. needs a **benevolent dictator,"** speaking "off the judicial record" in the pending case, ruled that Bell cannot be trusted to manage the church properties because "he operated behind a veil of secrecy." It is very interesting to note the workings of Brink's mind. He proposes a benevolent dictatorship for the whole U. S. but distrusts the benevolent dictatorship of Bell for some hundreds of people.

The case before Brink's court is this: Bell, a Christian Scientist, applied the Golden Rule principle to economic practice. He used his talents as a successful real estate operator to demonstrate that cooperation and Christian equity produces greater prosperity of mind, spirit, body and properties than cut-throat feudalism and strife. To recruit his followers he laid the law down to them that there would be strict discipline. Bell was and is the benevolent parent of the organization and none shall join who cannot be as an obedient, trusting child to it. They all signed up to that effect. How such plain and open covenant can be called a "fraud" is a puzzle which is solved only when one realizes the vagaries of immature minds that compose the lunatic fringes of man-

When those who had expected riches by joining Bell became dissatisfied with the arduous discipline, naturally, their selfpride turned to charges of "fraud" which the rabble rousing candidate for governor, Robert W. Kenny, used to ingratiate himself with the Commies and other atheistic warmongers by bringing suit to disband the church on the grounds of "fraud".

Today if a rumor is spread that a bank is operating "fraudulently" and a run of depositors results that throws the institution into bankruptcy the spreading of such rumor is prosecuted as a felony. But Kenny did that very thing to the church. Hence Bell sought refuge and asylum in the U. S. bankruptcy court.

The duty of Judge Brink is not to inquire into the private affairs of the members among themselves and their private transactions and donations, but to exercise the duties of his court as an asylum for creditors and the bankrupt corporation's assets alike. Judge Brink knows quite well, and said so, that **at no time was the church factually insolvent.** He hopes to pay the creditors in full. He realizes that the "bankruptcy" feature was created artificially by Kenny and his gang of stooges, just as a bank would become "insolvent" should all depositors demand instant full repayment of their funds.

It is evident that Judge Brink has stepped outside his province when he refused to turn over management of church properties, in return for fixed rentals, to Bell, the creator of the millionaire estate. This corporation is chartered as an elemosinary, religious institution, not a commercial business house. Hence it is legal to accept donations to pay off debts. It is none of Judge Brink's business who makes the gifts and he has no right to jeopardize the full payment of debts to the creditors by insisting that a religious body be treated as a purely commercial house. Donors have a right to secrecy as long as they report donations over $3000 for tax purposes to the federal treasury.

Judge Brink is on the spot. He resents secrecy where the law chartered that very course as a religious privilege. He resents the benevolent dictatorship of Bell as the founding parent of the church towards its children. But Judge Brink advocates benevolent dictatorship for the U. S. A. to terminate the labor strife.

Judge Brink had better say his prayers for enlightenment to harmonize these discrepancies with the Spirit of the Golden Rule.

CHATS WITH GLADYS

"Honi Soit Qui Mal Y Pense"

STUPIDITY OF STRIKING

"Without being asked by anyone, David said he was glad to be out of there, when he emerged from jail on Friday evening."

"That's why I took things in hand to get him out as fast as circumstances permitted. I know how these inter-racial attorneys are who represent the conchies and even tho David got into foolish company I decided to do my part to get him out of jail. I am glad he felt relieved when he came out. But, Gladys, do you know he actually told me I should have minded my own business when we discussed the incident at the printshop next Monday. He said the attorneys would have gotten him out with the others at a 2 percent premium while I paid $50 to the bail bond outfit. **'You could have saved your money had you let me mind my own business, daddy'**, was David's resentful comeback at my **'interference'.** I guess I'll leave him to run his own show henceforth. He has sponged up Communist propaganda by the bucketful in camp and must sweat it out himself to discover its folly."

"But Kosti, how come your David resents your advice? Did he not learn the fundamental principles as a child to think with you and reason it out?"

"Now you come to the crux of the issue, Gladys. Unfortunately David never made real friends with me as you are. There is a resentment of frustration active in the boy against his father because the child was denied that lovely palship minds of a kind enjoy so much. It's a long story but very vital."

"But Kosti, I always listen to you when you speak since I know you thought out all the essentials of an issue before you act and I want to know them too. Did David not discover that side of your nature so that he would defer to your maturer reason?"

"Unfortunately David missed my companionship and grew up without it even though living in the same house. That's the tragedy of improper mating, Gladys, and the children pay for it. You see, before I married I had studied all the problems confronting marriage and child raising. I knew how the white man and woman must live to succed, but his mother had never studied these matters. She was brought up in a Catholic nun-convent school where they stultify the mind and spirit almost beyond redemption. So when we married she deferred to my maturer reason only to the point of becoming a vegetarian but could not grasp all the other points of principle involved. So we were at logger heads in all matters where deep thinking is necessary."

"But Kosti, no woman could live with you and not soon find out how much wiser you are in the things that matter."

"Once a woman and man mate sexually then the sense of equality operates. The exercise of sex functions brings forth all the unfulfilled desires and ideas in both. Therefore the one who is not as highly developed mentally and spiritually resents it when the other disapproves the half-baked notions which are so dear to the mentally immature. For example, David has soaked up the Communist technique of charging me with bias favoring the employers against the strikers, even where employers are ruthless exploiters. He does not realize that employers are more intelligent and that I prefer intelligence since stupidty never solves anything rightly or adjusts it equitably. Strikers are morons, always. They use dog-in-manger technique. That merely throws them back into the hands of exploiters in their own ranks. The conchies, for example, become a prey of inter-racial leadership and attorneys. The labor unions produce their own labor racketeer dictators. David resents my leadership and exchanges it for Communist front technique. And so a woman resents being told, after sex intercourse, that her ideas about life are wrong. She feels she has as much a right to her ideas as he has to his and the fight starts."

"And during this battle the children miss the harmonius home atmosphere they crave and the love between parents, I can see what you are driving at."

"Because it will take more than one life time for David's mother to learn what I know, she resented my 'tyrannical superiority' and David and Fred witnessed these everlasting battles. And David, too, resents my 'tyrannical superiority complex', he said I am arrogant too, when I called him down for his half-baked Communist propaganda arguments that lack all true reason, but appeal to immature minds.

"I can see now how frustration is a good soil for Communist sophistry among the young."

"Not only among the young, but among all immature minds and the level of intelligence of the laboring masses is even lower than that of employers, hence union labor dictatorship prevails and solves nothing but ties up all industries thru strikes which, then, the Sanhedrin uses to impose a dictatorship by passing laws to give power to its moronic stooge in the White House to conscript strikers into the army and do away with the American form of Constitutional government."

Vet Tax 'Leak' Hit

Editor: For some time there have been discussions orally and in print as to how to meet budgets of ever increasing cost of city, county and state governments. Politicians who seek the votes of special groups do not have the courage and intestinal fortitude to admit where the chief fault lies and advocate its correction.

This seems to be too hot a potato for vote-seeking politicians who care little for the general welfare to handle. The chief cause of the high tax rates in California is that too many escape taxation due to a most unfair law on this state's statute books. I refer to the veteran's exemption law which exempt one class of citizens at the expense of another. In this city alone. 19,229 were exempted this year.

Only five years ago there were only about 9000 exemptions allowed. Soon there will be more that are allowed exemptions than those who must pay full taxes. Maybe the taxpayers then will be aroused to protest this unfair treatment. There are only a few states allowing such exemption and this explains their high tax rates. Compare tax rates. Tax rate here last year $5.73 on $100. Tax rate last 15 years in midwest city where no exemption is allowed, $2.74 on $100. TAXPAYER

Chats With My Manicurist

LOS ANGELES,—I had seen Gladys off to the airport and took her advice to have a neck-shave which of course, brought with it a hair-trim. And looking at my hands that had no manicure for at least 6 years I decided to get one.

The young woman was brunette with brown eyes and a mouth that tokened sharpness. She was adept at her job which I watched with marveling eyes how those neglected hands turned lovely under her ministrations. I remarked about her improved technique, she had better tools and never hurt.

"I am from New York and worked for General Barbers steadily, that's where I learned my trade. They teach you thoroughly, but today I am a little nervous."

"Well, throw out your chest, take a breath and relax. It's just a little discipline. I am under immense strain all the time, but am poised and relaxed because I have to think fast and right."

She gave me one glance then sat up straight, squared her shoulders, threw out her chest and took a breath. "That's supposed to relax one?"

"It gives you the poise of the sovereign. You see, God is always here. He is my Father and loves me. That assures me of His Love at all times and in this assurance I relax, breathing deeply."

"But at times I wonder whether there is a God," said she with a trace of strain around her mouth.

"That's your fault. Your religious training is deficient otherwise you would never wonder."

"I am Jewish," she said, "and obey the 10 Commandments. That's all I need."

"You are mistaken. The trouble with you Jews is you try to carry the burdens of life personally instead of leaving them to God, merely loving Him obediently. The 10 Commandments are for criminal minds. They are negative, Thou shalt not. There is a much better way, positive: Love God with all your heart and being and your neighbor as yourself. Then you become acquainted with God and won't again wonder whether there is one."

"But I want to be happy."

"You cannot get happiness by looking for it. It comes when you love God and do the right things out of this motif, then happiness comes naturally. In the midst of the worst strain I meet people who love me very much and believe in me. That's my happiness and nobody can take it from me."

"Is that not Christian Science?"

"It's commonsense. When one realizes the presence of God it's good sense to trust Him and respond to His Will. Such truth is universal, like the sunshine. No sect has a patent on it."

"What paper are you on? What is your position?"

"I am the publisher of **The Broom,** of San Diego, and am always in hot water."

"Then you must be a very honest man. Honest people are always in hot water in this world. Is it a clean-sweep paper?"

So I smiled: "That's it. But it would not do for me to testify to my honesty. Let the work speak for itself."

"You are a very interesting person, will you drop in again when in L. A.?"

"I hardly think I will. It will take years till I'll get another manicure."

"But you should not neglect your hands. Come see me, anyway."

"Well, young woman, you did a very fine job on my hands. In return now you must learn to relax, breathe right and don't try to run this world or hunt for happiness. God can do a better job. Just be humble and obey."

"You are right, I am a very proud person."

"Then you are due for a fall. Better humble yourself while you may."

And she nodded her head pensively and then smiled:

"I'll see you again."

Walter Winchell is boosting the American Veterans Committee, which is a Communist-front organization.

U. S. Senator Claude Pepper of Florida is following the pro-Stalin line in all his debates. He even encouraged the paralyzation of our national economy by supporting the railroad strike. The loudest supporters of the railroad strike were members of the Communist Party.

Dear Sir:

I have heard some very fine remarks about your publication and its good work for real Americanism.

I am active in a number of groups here that could use the facts that are so necessary for all of us to know now.

Please send me The Broom for a year. I enclose two dollars.

Very sincerely yours, — Mrs. S. L.

P. S. I served in the WAC for two years.

The Morgenthau Plan adopted at Potsdam without discussion by the Congress or Senate is responsible for the eviction of 15,000,000 German women and children now dying of starvation and exposure on the highways of Europe. No mention of this greatest atrocity in human history is found in daily papers or on the radio.

During Senator Pepper's discussion with Stalin about the American loan and the need for rebuilding Russian industries destroyed by the Nazis, the interpreter used the word "steel."

Stalin, who professes to know no English, interrupted the interpreter who listened to the generalissimo and then corrected "steel" to "pig iron."— Leonard Lyons.

A Wrong To Set Right

Bills have been introduced in congress permitting Japanese-Americans to collect damages from the government for the heavy financial and property loss they suffered when they were routed from their west coast homes during the hysterical early days of the war. Passage of the bills has been urged by Secretary of the Interior Krug.

The facts surrounding our treatment of the Japanese-Americans are painful to relate. About 112,000 of them were arrested without warrants and were held without indictment, trial, witnesses, or any of the safeguards of the Bill of Rights, altho the courts were open. Many of the victims, including those who were citizens of this country by virtue of birth in the United States, had to sell their possessions at a fraction of their value. Others had to make inadequate arrangements for the management of their property. After all they were moved to concentration camps called relocation centers.

It is true that the situation on the west coast was delicate in early 1942 and that arrangements perhaps were necessary for the protection of the Japanese-Americans themselves. In retrospect it can be seen that fears of espionage and sabotage were unwarranted. Not a single American of Japanese descent was accused of such crimes during the war. Many of them served with conspicuous valor in the army, as any veteran of the Italian campaign will testify. A large number of Japanese-Americans were relocated in the Chicago area, where they proved to be good citizens. The Tribune has never had cause to regret its expression of confidence in them at the time when some overheated zealots were threatening to drive them from the community.

As a matter of simple justice, congress should pass liberal compensation measures without delay. Moreover, congress should pass them in order to repudiate a wrong that makes a mockery of our most precious laws and traditions. We hear frequent assertions that all the German people are responsible for the atrocities committed in their concentration camps. If this is true, all Americans are responsible for what was done to the Japanese-Americans. Money awards will be small compensation for what some of them endured. —Chicago Tribune.

When government pays overceiling prices for grain, it's a bonus. When an individual does the same thing it's black market.

If we donated the entire state of North Dakota, South Dakota and Mississippi to Britain it would not equal the assessed value of the total of the proposed loan, which, it is generally believed, will not be paid back.

The PAC and the Communists Party will spend two million dollars trying to organize the South against Nationalist Congressional candidates. Hillman, head of the organization, will have a slush fund of six million dollars.

Vinson's Appointment To High Court Is Unfortunate

Makes Great Court Eight-Ninths Newdeal And 3 Members From Kentucky—Not One True Jurist on the High Bench

By WASHINGTON ADAMS

WASHINGTON, June 10 (Special),— Proof that the cabal or camarilla of left-wing socialists who have run the Presidency and the government for the past twelve years is still functioning is seen in Truman's appointment of Fred M. Vinson to be chief justice of the United States (Supreme Court).

Vinson is regarded as a "Newdealer from away back,"—one of the most subservient of the New Deal oligarchy, although a man of personal honor and cordiality.

The Republican members of the United States Senate would win the admiration of the American people if they caucused and publicly announced that "HEREAFTER WE SHALL NOT CONFIRM THIS OR ANY OTHER APPOINTMENT, unless the ADVICE of the Senate is obtained PRIOR TO THE NOMINATION, as the Constitution requires."

Truman's actions are those of despotism. Moreover, now for the first time in our history we are to have three supreme judges on the bench at the same time who were born in the same State (Kentucky—the home of Truman's ancestors); and Vinson and Judge Stanley Reed are both from the SAME TOWN (Ashland).

Not only have the Presidents prior to the miserable Roosevelt tried to maintain something of a balance between the two great parties on the court, but they tried to see that nine men came from different parts of the country, corresponding to the divisions of the U. S. judicial territory.

Republican President Taft went to Louisana to appoint a Catholic Democrat, Edward D. White, chief justice. President Hoover appointed a liberal Democrat, Benjamin Cardozo, already a great judge on the appeals court in New York, to be a U. S. Supreme Court justice.

Truman's appointment of Senator Burton, a liberal Republican, to the high bench was widely praised as an evidence of some statesmanship. Vinson's appointment wipes out that judgment and is grievously disappointing.

The President's appointment of John W. Snyder to be Secretary of the Treasury, succeeding Vinson, is also a disappointment. He had in the new Under-Secretary, Ex-Governor O. Max Gardner of North Carolina, the ideal man for the job. He was ignored; doubtless the work of the camarilla.

Truman's weakness is expected to be shown next in his expected veto of the Case bill—the first genuine effort to close that Pandora's box of evils known as the "Wagner Act."

HOUSE MEMBER HITS COURT

No President ever fell faster and farther in so short a time, in public esteem.

Speaking of the high court the other day, Representative Dan R. McGehee, Mississippi Democrat, assailed the justices as a **"bunch of mediocre laywers with no judicial training, who should have been impeached by Congress long ago."**

He was warmly applauded when he said, "If we should study the background of each justice, the people of this country would realize we cannot expect anything else."

"The opinions of these justices are based on personal belief, bias and prejudice, and they render immature, precocious opinions in an effort to remake this great country of ours." (The Republican justice was excluded from the Congressman's excoriation).

BLACK MARK ERASED

The U. S. Supreme Court erased another black mark from its wayward past when it voted recently to reverse the infamous Mackintosh and Schwimmer decisions which had denied citizenship to aliens refusing, because of religious reasons, to promise to take up arms for national defense.

Speaking for the Court majority, Justice William O. Douglas underscored the fact, in a case involving a Canadian Seventh-Day Adventist religiously opposed to killing, that **"one may serve his country faithfully" even though religious scruples "make it impossible for him to shoulder a rifle."**

The Court's majority decision enabled it to catch up, 15 years afterward, with the minority judgment of the late Justice Holmes who pleaded, in the Schwimmer case, for "freedom for thought we hate." —The Progressive.

Germans Protest Seizure of Homes

WIESBADEN, Germany,—The advisory parliament of Greater Hesse unanimously adopted a strongly worded protest of "indignation" and "horror" at the continued requisitioning of German homes by the U. S. Army.

The protest was submitted by leaders of the four major parties and asserted that hungry Germans are being "chased out of their homes" with no place to go. The resolution predicted that unless the requisitioning is stopped quickly, it "must have disastrous effects on the growth of democracy and the reconciliation of Germany."

WANTS HISTORY OF ELEANOR'S FAMILY

Dear Mr. de Aryan:

Enclosed check for renewal of "Broom".

Discussing the Roosevelt family with friends here, we should like to know: Did Elliott Roosevelt attend college? Where? Did Anna Boettiger attend college? Where? James failed Harvard. Were there any other children?

Is the book written by Trotsky on "Stalin" to be had anywhere? Mrs. Roosevelt prevented publication after it appeared.

Thank you for all information. The Daglish herb store does it still exist? Please print the address again in your paper. May God bless your courage for the truth you uphold.

Did your son David get his release from Camp?

Devotedly, — M. B.

Editor's Note: David is no longer in conchie's camp, having been charged with disobedience by Selective Service when he and other 80 men went on strike at Glendora, California, camp. He is out on $1000 bail waiting to be indicted with the others by the Fed. Grand Jury on a felony, in Los Angeles. The Daglish Health Food Store, 277 Water Street, Santa Cruz, Calif.

As to Trotsky's book on Stalin, perhaps some reader can supply the information as well about the Roosevelt-Boettiger family history.

"AMERICA'S GREAT MENACE"

Dear Sir:

Reading your paper quite some time, wish to express my appreciation of your fearlessness. Papers like The Broom are very much needed but too few. Can you please let me know where I can obtain the booklet, "America's Great Menace" by Judge Shapiro of New York? It must be very interesting reading. Evidently the judge sees the handwriting on the wall.

Thanking you for any information you can send me about the book, I remain sincerely yours, with very best wishes for combined strength and success in your work. — —J. E.

Editor's Note: Will some of our readers kindly supply the information?

SWISS BUILD VILLAGE FOR 350 WAR ORPHANS

GENEVA,—Switzerland will build a village for 350 European war orphans, with the first 15 houses scheduled to be completed by October. The houses will be built in the canton of Appenzell, near Trogen, in the local architectural style. Each house will accommodate 16 children, aged 3 to 14.

All homes, under the supervision of married couples will be grouped by nationalities. The children will be taught by natives of their own countries under the supervision of Swiss educators. French orphans have already arrived.

Our Political Advertisers

One must appreciate the courage of those candidates for public office who defied the boycott and blacklist of the Jewish Secret Blackmail Society they call the B'nai B'rith, the CIO and AFL racketeers, the Newdealers, the James Hervey Johnson assassins of character led by "Scurvy" Johnson, the Muscovites and other un-American vermin who have not the slightest appreciation of American freedom of the press. Those political candidates dared advertise in THE BROOM inspite of the fact that the vermin minds in San Diego spread the fake prediction of complete annihilation at the polls for anyone who advertises in THE BROOM.

The truth of the matter is our paper has no corner on any election. There are thousands of voters who consult our columns before voting, **especially because they know that the B'nai B'rith vermin and the other subversives** are opposing the circulation of THE BROOM. Hence these voters figure that those who dare advertise have some American manhood left in them.

Here is how the voters decided the issues on candidates at the last primary election.

Charles C. Dail and Fred H. Kraft received their nominations on the Democratic, resp. Republican tickets for State Senator and will run off in November.

George W. Fisher ran second on the Republican ticket for Congressman.

Fred A. Boyer lost to Kraft for state senator.

Russell S. Stowell ran second for 7th assembly district .

Thomas Whelan was nominated for district attorney and will run it off in November.

Crowell D. Eddy won over **Harry E. Bing** (single-taxer, Henry George advocate) for county assessor. Bing neglected announcing his tax-philosophy.

Dan Rosi won over **Jabez C. Hayes** for county supervisor 4th district.

Dean E. Howell was elected county supervisor 5th District.

Total: six winners out of twelve candidates, which goes to prove that we still live in the USA and should not cowtow to subversive mob racketeers.

Dear Mr. de Aryan:

The Yellow Jacket's address is listed at Moravian Falls, North Carolina, it is a monthly priced at 25 cents per year and is politically republican.

This is in reply to your request for the above information. Yours truly, —J. J. B.

The Locusts Are Coming

Jews from Poland, Jews from Germany, Jews from Russia, Jews from Romania, Jews from Latvia, Jews from Czecho-Slovakia, Jews, Jews and More Jews

EVERY SHIP BRINGS JEWS TO AMERICA, THE LAND OF JEWISH DREAMS

Few people realize what is happening to US. Few know that all barriers are down to admit Jews under fake quota's from every nation on the globe. They swarmed already for 3 and 5 years; they were smuggled in; they were openly admitted by FDR in violation of every law; now they come in as Germans, Poles, Russians, Czechs, Romanians, Hungarians, Austrians, Greeks, Italians, Turks, Portugese, Spaniards, French, English, Latvians, Ukrainians, Swedes and Dutch; **but they are all Jews and THE JEWS SAY SO;** they are no more Germans or Poles or Greeks than a skunk is a nice kitten, but they enter as nationals of Caucasian stock when they are Mongols and unadmissible if their true origins were registered.

And this is how they are being financed to the detriment of the Caucasian stock in the USA. **This country is being turned into a bastard, indigestible, "unmeltable" pot of undesirables and subversives** just as the strife breeding Balkan and Russian countries were cursed over there.

HEBREW SHELTERING AND IMMIGRANT AID SOCIETY (HIAS)

425 LAFAYETTE STREET
NEW YORK 3, N. Y.

CABLE
"FRANKFURT APRIL 30
HIAS NEW YORK

"YOU MUST BE PREPARED FOR FROM NOW ON EVERY WEEK I WILL HAVE TO ADVANCE AVERAGE FIVE THOUSAND DOLLARS FOR VISAS AND EIGHTY THOUSAND FOR TRANSPORTATION. DIJOUR".

Dear Friend: May 15, 1946

The above cable tells its own story.

And here is a brief note that tells another story —one in which you will be intensely interested.

"I am enclosing a list which shows HIAS activity on immigration visas. Out of the first 112 cases, HIAS secured 97, and we covered the transportation costs and visa fees."

Please study the attached list. The list and the cable tell, in just a few words, the story of HIAS activity in helping Jewish refugees in Germany to come to the United States.

Out of the first 112 visas, HIAS gets 97! And HIAS pays their visas fees and transportation.

Yet, as you know, this represents only a small part of HIAS activities overseas.

Now that the stream of immigration to the United States from Germany has begun, large expenditures will be necessary. HIAS must be in a position to meet these expenditures immediately so that not one single Jewish refugee shall be delayed in sailing for the land of his dreams.

HIAS, as you know, is not a participating agency in the United Jewish Appeal. Therefore, HIAS must look directly to you for the necessary funds to meet the immediate and critical transportation needs of our brethren. That means, we must appeal to you for a substantial increase in your contribution to HIAS. And, if you have already paid, we must ask you to please make a special contribution.

Remember: The first boatload of displaced Jewish refugees left Bremen on the 10th. There will be a ship a week thereafter. So please—please act NOW—NOW when the need is greatest, NOW when quick action will make it possible for our brethren in Europe to see their fondest dreams come true.

For the sake of our fellow Jews abroad, we hope for a generous and SPEEDY response.

Sincerely yours, — ABRAHAM HERMAN, President

Boss Racketeer Defies Supreme Court

ST. PETERSBURG, Fla,— President James C. Petrillo in his opening speech at the annual convention of the American Federation of Musicians threatened to put a stop to radio network broadcasts if the Supreme Court upheld the constitutionality of the Lea bill.

He also threatened to halt the making of recordings and transcriptions if Congress passed a measure forbidding the AFM to collect royalties on them.

The union chieftain said he had seen to it that agreements with broadcasters in New York, Los Angeles and Chicago would all expire on the same date—January 1, 1947—and pointed out that network programs originate from these points.

"If the Supreme Court rules the Lea bill constitutional, the small stations won't get any music because these three stations will agree to play locally only," he said without further clarification.

With reference to the possibility of Congress passing a law against the collection of royalties, Petrillo said:

"If that happens, I would send a little letter saying AFM men would not be allowed to take part in making transcriptions."

Petrillo was applauded vigorously when he called for a united fight by labor against bills pending in Congress.

THOSE "MYSTERIOUS" KKK CROSSES

LOS ANGELES,— Investigation of recent burning of crosses and the initials "K.K.K." on the campus of the University of Southern California centered on a fraternity house, but State and local investigators as well as university officials admitted that identities of the persons involved are still a mystery.

According to reports of the State Attorney General's office here and the District Attorney's office, rags on a cross burned before the Zeta Beta Tau, Jewish fraternity house on the campus, May 20 have been traced through laundry marks to another fraternity house.

However, Dr. Carl Hancey, S. C. dean of men, said that members of the fraternity deny that they were involved in the vandalism. About 60 men live in the house.

Dr. Hancey said that the university has, as a result, turned the problem back to the Attorney General's office but is continuing its own investigation.
